

December 1, 2021

Dear Contributor,

On behalf of the Pittsburgh-Matanzas Sister Cities Partnership and our collaborative organization Global Links we want to THANK YOU! for your significant donation to our campaign to raise **\$13,000** to purchase, ship and deliver basic Personal Protective Equipment and supplies to all health care workers in Matanzas, Cuba. In fact, due to the generosity and solidarity of many we were able to raise at this point **\$13,545** and all of these funds will complete this important mission.

Our organization appreciates not only your donation but is aware that you are supportive of our core mission of demanding that our government re-initiate diplomatic relations with the sovereign nation of Cuba. We will continue in our collective efforts to demand a complete elimination of the blockade and travel ban and we have enjoyed support from many local elected officials and community leaders who have traveled to Cuba in previous delegations. Once again, the U. S. stands in isolation at the United Nations with 184 nations demanding that President Biden reverse his illegal, immoral and belligerent policy against the government and people of Cuba.

If you would like to continue to keep up with the activities of our organization please visit our web site at <http://cubasipgh.org>

Our thank you extends to those individuals who may have donated directly to Global Links through their on-line donation request – those who donated and marked MATANZAS on the giving line have been credited specifically to this effort.

During this campaign we were able to work with our local Congressman Mike Doyle who has helped to re-initiate the “Cuba Caucus” among active members of Congress and policy staff. The objective is to effectively lobby the Biden Administration to reverse their draconian actions against Cuba!

Your generosity and advocacy support is greatly appreciated!

In Solidarity,

Pa. Senator Jim Ferlo, retired
President, PMSCP
